

## **NOTICE**

### **UPCOMING CONSTRUCTION ACTIVITIES**

### **PACIFIC BOULEVARD EXTENSION ACROSS W&OD TRAIL**

**BEGINNING TUESDAY, APRIL 6, 2010**

**WEATHER PERMITTING**

- From 9:30 a.m. until 3:30 p.m. April 6<sup>th</sup> – 8<sup>th</sup>, trail traffic can expect flagging operations and intermittent stoppages (30 minutes or less) as crews erect bridge beams for the Pacific Boulevard Extension over the Washington & Old Dominion Trail. The future overpass and trail connection for Pacific Boulevard is about 1/8 mile west of the W&OD trail bridge over Route 28.
- On weekdays throughout the months of April, May and June, trail traffic should expect flagging operations and intermittent stoppages (no longer than 10 minutes) for construction on the bridge deck.
- During construction of the bridge, no access will be provided between the W&OD Trail and existing Pacific Boulevard to the south.
- In observance of Bike-to-Work Day on Friday, May 21, 2010, no construction will be performed that would interrupt trail traffic.

On behalf of the project team, we appreciate your cooperation during construction and look forward to a major improvement in traffic congestion and public safety once the project is complete.
